FYULE Round 2 Examination Update

“When learning is balanced with care, children grow with confidence.”

Dear Parents,

We would like to inform you that the **FYULE Second Round examination will not be conducted** this academic year.

As the **final examinations are approaching**, our focus is on helping students complete their academic syllabus comfortably and with confidence. Considering the busy school schedule, we feel it is important not to place **additional academic pressure** on our students at this crucial time.

Hence, we kindly request parents **not to register your ward for the FYULE Round 2 examination**.

We appreciate your understanding and continued cooperation in supporting the well-being and academic progress of our students.

Thank you.
