Date-27th April 2026

Department: Grade 5 to grade 10

Continuation of Regular School & Heat Precaution Measures

“Take care of your body. It’s the only place you have to live.”

Dear Parents,

This is to inform you that regular school sessions for Grades 5 to 10 will continue until **Thursday, 30th April 2026**, in order to ensure the timely completion of the syllabus.

In view of the prevailing extreme heat conditions, the school is taking necessary precautions to safeguard the health and well-being of all students. As part of these measures, the **sports period will be conducted within the classroom** instead of outdoor activities.

Additionally, the school will implement preventive steps such as ensuring proper hydration, minimizing exposure to heat, and maintaining a safe and comfortable environment for all students.

We request parents to ensure that their children carry sufficient water and follow general heat safety practices.

Note: students can wear house uniform and sports uniform during the remaining days of the school.

We appreciate your cooperation and support.

Warm regards,

RKL Galaxy International School
